Work

CSM Math & Computer Science Department (<http://toilers.mines.edu/connect>) – 2010-present

Software developer on CONNECT, a social network built to foster mentoring at conferences for women in computing – codes front-end applications (HTML/CSS/JavaScript for web, Java for Android), back-end APIs (PHP/MySQL), performs miscellaneous administrative tasks

The Oredigger (<http://oredigger.net>) – 2008-present

Assistant Business Manager, Web Content – assists with business and advertising strategies online and in print, conducts miscellaneous administrative tasks, writes a tech news column and occasionally other articles

BabbleBug (<http://babblebug.com>) – 2006-2010

Freelance copywriter – wrote product descriptions, discussed business strategy in the prepaid wireless industry

Freeit4Less – 2007-2008

Chief Operating Officer – trained and managed around a dozen remote employees for support operations, coordinated product procurement, business model and customer service

Industry: software distribution – iPhoneSIMFree (first-generation iPhone unlock)

NOTE: Miscellaneous freelance IT and writing work has been omitted. I've been doing such work since middle school but duties performed have varied from job to job too much to describe succinctly here.

Extracurricular Activities

The Oredigger – 2008-present

Mines Internet Radio – 2007-2008

Campus Crusade for Christ – 2007-present (praise team member)

Awards Received

Eagle Scout, multiple palms

National Merit Scholar
